

Nadeesha Herath

CV

Doctoral Researcher | Computer Science | AI · Machine Learning · Data Science · Visual Analytics

Helsinki, Finland | University of Helsinki | artificsrilanka@gmail.com

Google Scholar · ResearchGate · ORCID · LinkedIn · GitHub · Academic Portfolio

PROFILE

Doctoral researcher with academic and professional interests in Computer Science, Machine Learning, Data Science, Visual Analytics, and Explainable AI. Skilled in data analysis, statistical modelling, technical documentation, research communication, and applied problem-solving across academic and industry contexts.

EDUCATION

Present	Doctoral Studies in Computer Science Finland Specialization: Machine Learning, Visual Analytics, Explainable AI, and Data Science
2023	MBA in Business Analytics Cardiff Metropolitan University Specialization: Business Analytics, Data-driven decision making, and management
2018	BSc in Applied Science University of Peradeniya, Sri Lanka Focus: Applied Science, Statistics, scientific methods, and analytical thinking

RESEARCH INTERESTS

Machine Learning	Visual Analytics	Explainable AI
Data Science	Decision Support Systems	Applied AI

SELECTED EXPERIENCE

Doctoral Researcher / Academic Research

Computer Science, AI, Machine Learning, Data Science, and Visual Analytics research direction.

R&D, Quality Assurance, and Product Development Experience

Experience in research and development, quality assurance, technical documentation, product development, and cross-functional coordination.

Entrepreneurship, Business, and Digital Communication

Experience in business development, branding, digital communication, documentation, project coordination, and stakeholder communication.

SELECTED PROJECTS

Winter Road Intelligence

Machine learning and visual analytics project for road-surface hazard forecasting and decision support.

Medical Image Analytics

AI-based image analysis, retrieval, representation learning, and explainability experiments.

World Risk Index Visual Analytics

Geospatial and statistical visualization project exploring global disaster risk patterns.

PUBLICATIONS

Selected journal articles, book chapters, conference proceedings, abstracts, thesis outputs, and ongoing manuscripts are listed on the Publications page of the academic portfolio.

AWARDS & CERTIFICATIONS

- Finland Scholarship — 100% tuition fee waiver and €5,000 relocation grant for master's studies.
- Meta Certified Digital Marketing Associate.
- Professional memberships, academic recognitions, and certifications listed on the Awards page.

TECHNICAL SKILLS

Key Skills

Data Mining · Data Cleaning · Data Preprocessing · Data Analysis · Data Visualization · Statistical Modelling · Predictive Analytics · Forecasting · Artificial Intelligence · Project Management

Programming

Python · R · SQL · Scala · HTML · CSS

Software & Tools

RStudio · Minitab · SPSS · SAS · EViews · WEKA · Tableau · Matlab · Power BI · Excel Solver · Anaconda · Jupyter Notebook · Git · Overleaf · VS Code

Languages

Sinhala: Native · English: Working proficiency · Finnish: Basic
